PILGRIM TECHNOLOGY LLC – EXPANDED WIFI COVERAGE

Pilgrim Technology has expanded coverage of WiFi Hot Spots throughout Midland. Installed now are Hot Spots Downtown Midland from M-20 to Ace Hardware on Main Street, Northwest Midland with access to some apartment complex and business users, Midland County Fairgrounds, Fairview Plaza and the Midland Community Center. The Midland Community Center, Fair Grounds and Fairview plaza are all recent additions to the expanding Wireless network which supports mobile Laptop users that want access to the Internet and E-Mail. Coverage will continue to expand with the next planned expansion in the Midland Mall.

Pilgrim Technology has partnered with Boingo Wireless to support roaming users that have global Boingo roaming accounts which allows traveling users to access WiFi networks without additional cost throughout the world with over 60,000 hot spot locations. Pilgrim Technology has brought this service to Midland and support Boingo customers at each location, including the use of the Boingo client software which allows easy access to the Internet.

Pilgrim Technology believes the service being offered will greatly enhance the usability of mobile devices throughout Midland. Jill Pilgrim, CEO of Pilgrim Technology

commented, “Our focus on wireless technology and secure wireless solutions will make our network one of the most reliable and secure in the business”. Pilgrim Technology is using experience gained on US Government contracts with wireless technology to improve product and services that are offered in Midland.

Chris Tointon, CEO Executive Director of the Midland Community Center said,” **TEXT**”. The Midland Community Center currently has three access areas throughout the community center. More will be installed when usage dictates the necessity.

About Pilgrim Technology LLC

Pilgrim Technology LLC is a company that is dedicated to technology innovation and customer satisfaction. This dedication opens the doors to create a dynamic experience for employees and customers alike. Formed in 2002, Pilgrim Technology is a woman-owned small business.

First opened in Midland, Michigan as a wireless technology solutions company, Pilgrim Technology LLC has expanded to offer additional solutions to commercial entities and government agencies. Pilgrim Technology LLC offers complete solutions in Rapid-Prototyping, Sensor and Optics Development, Rugged Mobile Devices, and Advanced Network Designs. Pilgrim Technology LLC has significantly expanded commercial services offerings to include Cisco Systems, Linksys, Fortress Technologies Inc., IBM (Lenovo), and Hewlett-Packard, including contracted and on call IT services. Pilgrim Technology is also the first company to begin service and sales for Disney Mobile in the Tri-County area. For more information contact
